To Whom It May Concern,

This letter is written as a positive recommendation for this business relationship that has been established with Mr. & Mrs. Shawn McDaniel owner/operators of Joker's Carpet Services. I have been in the Multi-Family housing industry for 18 years. During this period I have served as an on-site manager as well as a District Manager supervising the operations of 13 apartment communities.

In early 2003, by recommendation I began using Joker's Carpet Services for all carpet cleaning, relaying and repair services. Mr. McDaniel has helped me save owner's thousands of dollars in carpeting alone. The work ethics of himself and that of his staff, the quality of workmanship and standards set, speaks of the work and of the great characteristics of the ownership, management and staff of Joker's Carpet Services.

I will continue as a customer and will always highly recommend Joker's Carpet Services for anyone's carpet service needs.

Respectfully,

Tareanna Smith
Manager

To whom it may concern,

I've been using Jokers Floor and Carpet Cleaning for the last several months. It has been one of the best business decisions I've made. At McAlister's Deli one of our main goals is store cleanliness, Jokers helps us achieve and maintain this goal. I'm very pleased with there attention to detail and there punctuality. I would recommend Jokers to friends and family.

To Whom It May Concern:

I have dealt with Shawn McDaniel and Joker's Carpet since the company began in April 2003. I first met Shawn when he worked for another company and I was very impressed with his workmanship and customer service. When Shawn informed me he was opening his own business, I didn't think twice about changing companies.

Shawn has saved my properties a lot of money by repairing carpets that other companies would not have even tackled. I highly recommend Shawn McDaniel and Joker's Carpet to anyone seeking a reference.

Feel free to contact me if you have any questions.

Respectfully,

Re: Jokers Carpet Service

To anyone looking for a good carpet service;

We are a corporate office for a fast food franchise. Our small downtown office has from 30-40 people coming through the doors every day. Each hallway has massive traffic with employees, vendors, delivery staff, and visitors. We own 39 Carl's Jr restaurants in the Oklahoma area. All of the printing is done out of this office. There's a lot of ink, a lot of toner, a LOT of dark ugly stains in the carpet. We have several meetings each month. Each meeting brings 30-45 restaurant managers. At the end of each meeting the carpet has been tortured with busted ink pens, knocked over cans of soda, spilled coffee, and even a birthday cake or two. We also have our own maintenance & repair department. These guys come in and out all through the day. Depending on what maintenance issue they are working on, they come through the door with their shoes covered in red mud, black dirt, oil and grease.

Oh, and I forgot to mention one important detail – our carpet is a very light creamy gold color.

The first time we decided enough was enough and we needed to call a professional carpet cleaner, the carpets hadn't been cleaned in years. There were stains that we knew would be impossible to get out, but we were hoping a professional service could make the carpet a little more presentable. We were going to relocate the furniture to cover the stains that wouldn't come out. I called several carpet cleaning companies. In comparing the friendliness of the person answering the phone to the professionalism and confidence of the person making the estimate, Jokers Carpet Service started off as a leader in the competition. When they arrived on site they didn't walk around measuring the building with dollar signs for every square foot, they seemed more concerned with measuring how much equipment they would need, how many employees, how much water, how much time it would take, and how successful they would be in getting out our monster stains. When the owner of Jokers, Shawn McDaniel, finished looking around, he not only gave us the best price, but he gave us a promise that he could remove all the stains.

When Jokers' staff arrived on site they were clean, friendly and professional. The job took several hours and they had to maneuver around an office full of people that seemed determined to be in the way. Still, they remained friendly and professional and completed the job in the amount of time they had estimated it would take. When Jokers was finished the carpet looked BRAND NEW!! It was BEAUTIFUL!! Every little stain, every big stain, stains from last week, stains from last year...they were ALL gone! As the job neared completion, Mr. McDaniel, came by to inspect his employees work and verify that we were satisfied..

We were extremely satisfied. Jokers Carpet service is now the only service we call when we need our carpets cleaned. The owner of Star Chasers Oklahoma, Randy Newman, has even decided they will be the only company used to service the carpets in his home.

If you reading this in an attempt to make a decision on selecting a carpet cleaning company. You can't go wrong with Jokers. The owner goes above and beyond to make sure that you are satisfied with his service. Shawn McDaniel is **honest and fair** – Two qualities that are getting harder to find in a business.
